

## About ALSA

Contributed by Jill Burder, ALSA Chair 2006-07

Aboyne Lodge has a very active school association and every parent who has a child at the school is automatically a member. Our aim is to raise money to enhance the facilities at school for the benefit of all our children. But it's not just about raising money... it's also about running discos, quizzes and other events to encourage the strong social aspect of the school.

Our main fundraising focus for today and the remainder of the school year continues to be to enhance the playground and turn it into an outside classroom for the children. In particular, we are looking to provide an outside water play area and we are also funding art, music and drama activities for each of the year groups in the school.

Every penny we raise is used to benefit the children at Aboyne Lodge School.
